### **Technical data**

**Max. production output\*:**

Tabloid fold operation: 80,000 cph (12 pages)  
40,000 cph (24 pages)

**Quarter page fold operation:**

70,000 cph (24 pages)  
35,000 cph (48 pages)

Web width: 965 mm (37.992")

Printing width: 965 mm (37.992")

Cut-off: 452 (904) mm (17.795 (35.590"))

Printing length: 894 mm (35.197")

Admissible  
paper weight\*: 30-140 g/m<sup>2</sup> (20 - 95 lb)

\* Actual values may vary depending on  
the system configuration and printing conditions.

### **Special features**

- ⊙ Improved performance as compared to previous model
- ⊙ Double circumference cylinders
- ⊙ Direct drive technology
- ⊙ Semi-automatically plate change device
- ⊙ Cold-set / heat-set operation
- ⊙ Extraordinary printing quality
- ⊙ "Web Protector" - Web safety device
- ⊙ zirkon Data Management System
- ⊙ Collect or non-collect modes available
